THIS IS UNEVALUATED INFORMATION

1.

the Soviets constructing many new factories in the Bilica-Din and Strzelbice areas. the roads in the above areas have been improved and widened.

50X1-HUM

2.

a new hard, concrete surfaced, all weather road [1924] (1960) runs from Str. Sambor (Starly Sambor) southward to Turka and from Str. Sambor northward to Przemysl via Dobrowill and also from Str. Sambor northeast to Lwow (Lvov) via Sambor. It is classed as a super highway, designed for heavy usage and is approximately 24 meters wide with shoulders running along both sides of the road.

3.

They were approximately 12 meters wide and asphalt surfaced. these hard surfaced roads are heavily traversed by trucks hauling building materials into the Bilica-Din and Strzelbice areas.
